

Carisma Therapeutics to Present at Two Industry Conferences March 20-21, 2019 in New York City

March 15, 2019

PHILADELPHIA — Carisma Therapeutics Inc., a preclinical-stage biopharmaceutical company focused on discovering and developing innovative immunotherapies based on chimeric antigen receptor macrophages, today announced that the Company's management will present at three upcoming investor and industry conferences:

- William Blair 9th Annual Cancer Immunotherapy Conference – Carisma's management will deliver a scientific presentation on March 20, 2019 at 9:55 am EST. The conference will be held at the Apella, Event Space Alexandria Center in New York, NY;
- Alliance for Regenerative Medicine Cell & Gene Investment Day – Carisma's management will participate in the conference in New York City and provide a corporate update on March 21, 2019, at 2:15 p.m. EST; and
- Keystone Symposia on Molecular and Cellular Biology: Innate and Non-Classical Immune Cells in Cancer Immunotherapy – Carisma's management will present in the Cellular Therapies and Biomarkers session on March 28, 2019 at 2:30 p.m. MST. The conference will be held at the Keystone Resort, Keystone, CO.

The Alliance for Regenerative Medicine Cell & Gene Investment Day is filmed and livestreamed from the meeting website at <http://arminvestorday.com/webcast/>.
