Michael Klichinsky, Co-founder and Vice President of Discovery Research, will present virtually on June 11, 2020, at 2:00 pm EST. The presentation will be accessible via a live webcast.

About Carisma Therapeutics Inc.

Carisma Therapeutics Inc. is a biopharmaceutical company developing a differentiated and proprietary cell therapy platform focused on engineered macrophages, cells that play a crucial role in both the innate and adaptive immune response. The first applications of the platform, developed in collaboration with the University of Pennsylvania, are autologous chimeric antigen receptor (CAR)-macrophages for the treatment of solid tumors. Carisma Therapeutics is headquartered in Philadelphia, PA.
